

# Joss Stone, Oh To Be Loved By You

Since the moment I could see  
That you fell in love with me  
All my troubles they left me  
They walked right out the door

What a wonderful relief  
You're the rock beneath my feet  
How can I ask for much more  
Than you

You just know  
When I'm down and lonely  
You take hold  
Of whatever's hurting me  
It's so beautiful

Oh to be loved by you  
Oh to be loved by you  
Oh to be loved by you  
I wanna be loved by you

Now you're right in front of me  
And I can hardly breathe  
My knees get to shaking  
It's all you

Don't you want to go with me  
As far as the eye can see  
We'll be dancing together  
So sweet

You just know  
When I'm down and lonely  
You take hold  
Of whatever's hurting me  
It's so beautiful

Oh to be loved by you  
Oh to be loved by you  
Oh to be loved by you  
I wanna be loved by you

It's more than amazing love  
It's some kind of crazy

You just know  
You know when I'm down and lonely  
You take hold  
You take hold of whatever's hurting me  
It's so beautiful

I want to be  
I want to be loved by you  
By you yes I do  
I wanna be loved  
I wanna be loved by you  
I wanna be loved by you and only you  
I wanna be loved by you
