

# Joss Stone, The Player

He's a player, don't you know  
Watch out (watch out)

Girls I'm telling you  
He'll be knocking at your door  
If you let him in one time  
You gotta go back for more  
He drives around at night  
Living in his fancy car  
Breakin' hearts from left and right  
He don't care you are

Cuz he's a player  
He'll get next to you  
He's a player  
This is what he's gonna do  
He'll shoot you down  
Right down to the ground  
He'll shoot you down  
Right down to the ground

ooo-ooo  
la la la  
oooh-oooh

Girls I'm warning you  
He'll have you eating out the palm of his hand  
His lovin' is addictive  
You'll never want another man  
He'll wine you and he'll dine you  
He'll say you're the only one  
He'll take your heart, tear it apart  
Then he'll be on the run

Cuz he's a player  
He'll get next to you  
He's a player  
This is what he's gonna do  
He'll shoot you down  
Right down to the ground  
He'll shoot you down  
Right down to the ground

Cold blooded son of a gun, yes he is (yes he is)  
Cold blooded son of a gun, yes he is (oooh oooh)  
He'll shoot you down  
Right down to the ground  
He'll shoot you down  
Right down to the ground

He's a player, don't you know  
Watch out  
Don't you know, ladies  
He's a player, don't you know  
Watch out

Cold blooded son of a gun, that's what he is  
He'll shoot you down
