

Joy Electric, Buttercup Fairy Jamboree

In love with me here forever
King and Country live forever
Live forever
I'm still afraid from the very Place
Goodness still is made
All Creation sings

You can help me
I can hope for all the things we endure for
You are loving, I am faithful
I'll do everything I'm able

O, to the hills, I will hold Your hand
To our true Kingdom, You have made me glad!
