

# Joy Electric, Candy Cane Carriage (Lost In The F

Pink a snow sleigh ride  
You are good, you were kind  
And the magic book defines  
To be young and in love  
Is a gift laced in gold  
All the years have made me scared  
Just to give me something to share

Oh, what can I do when you break my heart in two?  
Oh, what can I feel when you break my heart in pieces?

Better bees than bears  
Is what you used to say  
As the pollen filled the air  
And the junebugs would sing  
We made sun colored rings  
And you kissed me in the trees  
And you said you'd never leave
