

Joy Electric, Have Yourself A Merry Little Christmas

Have yourself a merry Christmas
Have yourself a bright new year
May you be free of worry
And know happiness and good cheer!

Yes, have yourself a merry Christmas
Have yourself a joyful day
May you know love and laughter
May you gather them on your way!

Share it with a special someone like yourself
And then you will know how sincere my wish this year
To return the love you've given me!

Have yourself a special Christmas
Pass it on both far and near
Share yourself with some others
And you'll get it back through the year!
