

# Joy Electric, Of Stories And Love

Come into my heart  
Stay forever with me  
Open up Yourself  
Without you I'm empty  
When it's dark, when it's cold  
I will know that You love me  
For the rest of all my life

Oh, can you feel  
The rebirth and joy  
Of stories and love

When you sleep, I dream  
When you hear, I whisper  
We're the only ones who believe old secrets  
At the end of the day  
It's not imagination  
This is everything that's real
