

Joy Electric, Quite Quieter Than Spiders

In between
Wools and weaves
Knots and ties
Unhinged eyes
Constantly
Panicky
He's hunting me

Fa la-la-la
Quite quieter than spiders
Fa la-la-la
Quite quieter than spiders

Either one
None will numb
What to use
To misuse?
Walls to climb
Fangs to hide
Immobilize

Fa la-la-la
Quite quieter than spiders
Fa la-la-la
Quite quieter than spiders

The sound is made up of single vibrations
At many different frequencies called harmonics
Which give a sound a particular character
This corresponds to the musical terms timbre or tone color
A harmonic sound such as a vibrating string
Is one in where the harmonics are mathematically related
By what is called the harmonic series

Fa la-la-la
Fa la-la-la
Fa la-la-la
