

Joy Electric, Sheffield Youth

No future is where we have come from
The blight of infinite choices
The height of severe disillusion
In rooms we plot different options
Life is clear when we plug in our cables

Sheffield Youth
We changed the course
Sheffield Youth
Sheffield Youth
We changed the course
Sheffield Youth

The sound of competing voices
The eyes roll up with the noses
We build protection on stages
To prove the future of noises
Life is clear when we plug in our cables
