

# Joy Electric, The Dark Ages

Please help me, I'm here  
Tell me there's some way out  
Tell me there's somewhere out of here  
You've given me none such hope  
I'll never amount to anything

Here I've gone to waste  
All my hope and younger days

Please help me, I'm here  
Tell me there's some way out  
Tell me there's somewhere out of here  
I speak but you never hear  
I'll never amount to anything

Here I've gone to waste  
All my hope and younger days

Will you ever hear my heart?  
Will you ever care enough?  
Will you ever care at all?  
Probably not
