

# Joy Electric, The Magic Of

Snowflakes fall  
Spring's snoring  
Elves are scurrying in the barn loft  
Tick tock  
Hee haw  
Hay is rustling  
Good old fairy dust and plum bowed parcels  
White fawn fairy wands and shortbread castles

Feel the magic of  
Rust turning to gold  
Penny candy  
Silver snow  
Feel the magic of  
Frost upon the leaves  
Every memory you keep inside

When the north winds sing true  
You'll remember how the woodsman tricked you  
Time is treasured by the wise  
You're still spinning but the sayings now ring true  
Is there life after the end of youth?

Feel the magic of  
Rust turning to gold  
Penny candy  
Silver snow  
Feel the magic of  
Frost upon the leaves  
Every memory you keep inside

From here I won't let go  
See what's left  
Rock and roll  
Everywhere you turn  
Everywhere you turn
