

# Joy Electric, True Harmony

True Harmony is ringing in your ears  
The youth are singing  
So stand up and be bold  
The time's come for you to take hold  
Words have no meaning when you can't back up your feelings  
Stay ground in God's Word  
We're the salt and light of this world  
True harmony

Sometimes I wonder  
Where will I go?  
What will I be?  
Start to completion  
I want to go where you will lead

True harmony is learned from the pages of Him who saved us  
Raise up your voice in a chorus of songs and praises  
Uproot the lies  
Stop the flase doctrines spreading sickness  
Test what you hear  
Find out God's will through reading and prayer  
True Harmony
