

# Joy Electric, We'll Last So Long

Seems so very nice of you  
Seems so very kind of you  
To stop and feel the loss of things  
When fear grew inside yesterday  
Forget about the sad ways  
So we can love so tenderly

Hear me and know me  
And promise you'll never leave  
Hold me and make me  
And promise me you'll never leave  
We'll last so long

Though we've lived on through these years  
We took with us our childhood fears  
To hurt and to haunt us so  
Tomorrow always comes again  
And with this thought we will begin  
If Jesus is between us
