

Joy Electric, Weep In The Sunshine

And why, oh why, do I cry for you?
Alone for so long, asleep in my dreams

If you can hear me now
Why do I weep in the sunshine?
If you can hold me now
Why do I weep in the sunshine?

And now, together, we lie forever
It seems so long, to do no harm

If you can hear me now
Why do I weep in the sunshine?
If you can hold me now
Why do I weep in the sunshine?

Without you, I don't need much
I needed you in spite of
Without you, a needed touch
A place we go in times of trouble
