

# Joy Enriquez, Situation

Verse 1 :

She don't know about, what you  
You've been doing with me  
I feel bad about it  
What would you do If you were in my shoes

B - section

I should've known right from the start  
When you said she was just a friend  
I should have ended it but instead  
I just pretended not to know  
That you're running back and forth  
In and out of my life  
But still I just can't seem to let go

Hook :

I know it's wrong  
But I never want to let him go  
Inside I know  
That he's got another girl at home  
I can't help but think what if it was me  
Shouldn't have feel in love with someone  
Who put me in this situation

Verse 2 :

You say you love me  
But then you turn around and hurt me  
Oh why  
I can't handle it  
So baby, things are gonna change  
I'm gonna take my love away

B - section

It's getting harder not to think of her  
At home alone at night  
I can't believe that I'm a part of this  
I should've never started it  
Knowing you've been back and forth  
In and out of my life  
But I can't get you outta my mind

Hook

Bridge :

You'll never know  
How much it hurts me to let you go  
It's time to move on  
And change right from wrong  
It's finally over  
And I promise you, I promise you  
Won't be coming back no more
