

Judas Priest, Devil in Disguise

Judas Priest prezentuje utwór "Devil in Disguise" z płyty Invincible Shield" (premiera 8 marca 2024

Mischievous a twinkle in his eye
It grieves us that all he said's a lie
So frantic he wears a sickly grin
Romantic the way he reels you in

Still mixing your mind
What was real disappears
He's one of a kind planting all your fears

He's a devil the devil in disguise
He's a devil the devil in disguise
De illusion a master of the grift
Confusion his slight of hand is swift
Alluring a whisper in your head
So charming manipulating dread

Peddles and stalks
Machiavellian shiv
Ambidextrous talks
Nothing's left to live

He's a devil the devil in disguise
He's a devil the devil in disguise
Fictitious conjurer who grinds against your will
He's like a sniper when he goes in for the kill
Imposing charlatan shadows are his friend
A deviant pecksniffian his words are all pretend

Still mixing your mind
What was real disappears
He's one of a kind
Preying on your fears
