

Judd Cledus T, My Crowd

There's a big ol' line down at the Ticketmaster
I admit it, it's a sight I love to see
A few of them look like they need a shower
But they're holdin' signs that say "I Love Cledus T."
If it wasn't for them, I'd be right in the poor house
Country music fans are the best around
And them's my crowd

Na na na na na
Yeah, them is my crowd
Na na na na na
Hey, southern born, southern bred
All their necks a little red
They love Hank
They love Hag
They've been known to wave the flag
They're always up for gettin' down
They get rowdy, they get loud
Them's my crowd
Na na na na na
Yeah, ya'll are my crowd
Na na na na na
My crowd

There's a lot of drinkin' beer when they fire up the grill
They'll line up at the Port-a-John's real soon
If you ask me, there ain't nothin' wilder
Than a country music concert comin' through
Come tomorrow morning, out in the parking lot
There'll be 50,000 beer cans on the ground
And them's my crowd

Na na na na na
Yeah, this is my crowd
Na na na na na
Overworked, underpaid
They're all worth more than minimum wage
When Earnhardt died, they all were sad
Gun control makes 'em fightin' mad
Pop a top, pass it round
Turn it up and then shut it down
This is my crowd
Na na na na na
Yeah, ya'll are my crowd
Na na na na na
My crowd

Cledus (8 times)

Well, I hope I brought you all a lot of laughter
I'm gonna miss it
You made me feel like a big star
My tour bus'll hit the road in a couple of hours
And fans like you make leavin' really hard
We'll do another big show, come tomorrow night
But ya'll are hard to beat, I'm tellin' you right now
And maybe later, old T. Judd'll take one of you cowgirls back to my house

Na na na na na
Yeah, ya'll are my crowd
Na na na na na
Hey, you yell some more
Some hell was raised
You'll all be hung over for days

You got to hear some real hot bands
And got to meet some real cool fans
We raised the roof, and burned it down
See all ya'll next time around
Ya'll are my crowd
Na na na na na
Yeah, this is my crowd
Na na na na na
My crowd
