Jude Harrison, Anyone but you

Sick of the line that's fading me I never know what to believe In a world that's crushing me You're the only one I see I don't change my mind for anybody I won't waste my time on just anybody I won't share my life With anyone but you It's such a long way With anyone but you I couldn't follow With anyone but you Never anyone but you They put my poster on the wall They watch and wait for me to fall They think they made me who I am Oh they don't know me at all I don't change my mind for anybody I won't waste my time on just anybody I won't share my life With anyone but you It's such a long way With anyone but you I couldn't follow With anyone but you Never anyone but you Never anyone With anyone but you It's such a long way With anyone but you I couldn't follow With anyone but you Never anyone but you They build you up so high So you can hardly see the stars beneath your feet I'm falling through the cloud Then it'll be the next to catch me Ah, ah, ah With anyone but you It's such a long way With anyone but you I couldn't follow With anyone but you Never anyone but Never anyone but With anyone but you It's such a long way With anyone but you And I couldn't follow With anyone but you Never anyone but you
