

Jude Harrison, Liar liar

You said I was your everything
You said I was the one
You played me and like a radio
You used the love that I had no shame
Put my pain into words
Hold my hand to the flame
Tell me you love me like a star
Tell me you want me wherever you are
Tell me you breathe me till your last breath
Liar liar
Oh, liar liar
Bit by bit I feel the draught
Just sit back and watch it bump
Hold your eyes up to my veins
Call out call my name
Tell me you love me like a star
Tell me you want me wherever you are
Tell me you breathe me till your last breath
Liar liar
Oh, liar liar
Liar liar
Oh, liar liar
Tell me you love me like a star
Tell me you want me wherever you are
Tell me you breathe me till your last breath
Liar liar
Oh, liar liar
Oh, tell me you love me like a star
Tell me you want me wherever you are
Tell me you breathe me till your last breath
Liar liar
Oh, liar liar
