

Jude Harrison, Live like music

I forgot what this is all about
Lost, surrounded by a storm of doubt
I make it so hard
And its hard enough to keep it up
And I can't give in
To what they want
And I'm not gonna
I wanna live like music
I wanna live like music
Songs about justice
Songs about love
Songs about freedom
And never giving up
I wanna live like music
I'm not so sure with who I am
Now, it's gotten way outta hand
I spread too thin
And it's hard enough to zero in
On the heart of it
The soul of it
And now I know that
I wanna live like music
I wanna live like music
Songs about justice
Songs about love
Songs about freedom
And never giving up
I wanna live like music
Like music
Like music
I'm gonna take it back
To the cafe bars
Show you what I got
With my guitar
And I'm not gonna hold anything back
Oh, gonna strip it right down
Put it on the floor track, hmm yeah
Oh, yeah yeah yeah
Hey
I wanna live like music
I wanna live like music, yeah
Pouring out the windows
Rolling down the street
Punching every station
Singing dirty and sweet
I wanna live like music
Like music
Like music
