

# Judie Tzuke, Come Hell Or Waters High

Come Hell or Waters High  
I know it's you and I  
Just as the earth need the skies  
I need you

And if I feel alone  
I know your heart's my home  
And when I die  
It will be loving you

And it's easy to say  
I'll never pass a day  
That won't have you in my mind  
And if your love should fall away  
And you feel that you just can't stay  
Then I'll love you  
I'll love you wherever you are

Come Hell or Waters High  
I know it's you and I  
Just as the earth need the skies  
I need you

And if I feel alone  
I know your heart's my home  
And when I die  
It will be loving you

And it's easy to say  
I'll never pass a day  
That won't have you in my mind  
And if your love should fall away  
And you feel that you just can't stay  
Then I'll love you  
I'll love you wherever you are

Come Hell or Waters High  
I know it's you and I  
Just as the earth need the skies  
Oh I need you
