Judith Owen, We Belong

God there is a reason
Why we do the things we do
I was broken i was bleeding
I really thought i'd lost you
But you were all believing
Yes, you could see that we would pull through

And love is such a hard thing
When you love as much as we do
For all the pain and the grieving
The sun and moon cannot compare to you
So believe me
There is nothing i would not do

I wasn't looking for anybody else But now that i've found you i know That it's hard to believe me When i say

We belong together
The sun and moon don't always shine but
We belong together
I'm happy that you're mine
All mine

We belong

God there is a reason Why we act the way we do It's like the changing of the seasons As a fever dies another's born anew So believe me My voice is still but my heart remains true

I wasn't looking for anybody else But now that i've found you i know That it's hard to believe me When i say

We belong together
The sun and the moon don't always shine but
We belong together
And i'm happy that you're mine
All mine

We belong.
