

Judy Crystal, Nori Nori Nori

People give you my life through music
Feel the rhythm tonight, I'm crazy
Para para deep in my heart
I must be Tokyo's superstar
C'mon, I give you love, you give me energy
When I'm dancing on stage, you make me feel free
Tender devotion and desire
Give you every night
Oh baby, Nori nori nori
Singing for the glory
Para para dancing eurobeat (uoo ooo!)
Nori nori nori
Baby, don't be sorry
Para para music, baby take me higher
Nori nori nori
Life is not a story
Para para dancing eurobeat (uoo ooo!)
Nori nori nori
Baby, don't be sorry
Para para music, baby light my fire!
Baby, take me tonight, I'm ready
Feel my passion, no, don't be lazy
Para para, deep in my mind
I wanna love you Tokyo guys!
C'mon, I give you love, you give me energy
When I'm dancing on stage, you make me feel free
Tender devotion and desire
Give you every night
Oh baby, Nori nori nori
Singing for the glory
Para para dancing eurobeat (uoo ooo!)
Nori nori nori
Baby, don't be sorry
Para para music, baby take me higher
Nori nori nori
Life is not a story
Para para dancing eurobeat (uoo ooo!)
Nori nori nori
Baby, don't be sorry
Para para music, baby light my fire!
