

# Judybats, Native Son

Native son

What have you done

Where have you been

Who do you know

Where have you been

Who do you know?

CHORUS

Nothing

No one

Nowhere

Mainly devil-may-care

Nothing

No one

Nowhere

I'm still picking things

&gt;From the air

Dizzy boy

Is there still joy

In being free

And in between

In being free

And in between?

CHORUS

Nothing no one nowhere

Nothing no one nowhere

Nothing no one nowhere

Nothing no one nowhere

I'm gonna la-la-la-la-la-la

My way through life

I'm gonna la-la-la-la-la-la

My way through life

I'm gonna la-la-la-la-la-la

My way through this life

Nowhere
