

# Jughead's Revenge, Faust Part 2

Nothing that you say  
can ever make me change  
nothing that you say  
will bend me to behave  
because i have this thing  
that you'll never know  
it's diamond hard  
and keeps me from the thing  
that makes me go  
there's a price that you pay  
for doing what you want  
they try to keep you down  
with everything they got  
take their power  
shove it up their ass  
you think you can control my life  
without me fighting back  
it's been so fucking long  
this never ending con  
it's all a tragedy  
consistently burned  
when will the tables turn  
it's in a strategy  
believing in yourself  
the only thing you have  
nothing that you say  
can make me give it back
