## Jughead, Shame on the Butterfly

Don't play along, don't bring me promises Don't you be long, don't bring me down I'm on the brink, the brink of a laugh or cry The edge of a live or die

Shame on the world - shame on the butterfly Shame on the world - don't even ask me why Shame on the world - shame as she flutters by Shame on the world - shame on the butterfly

Don't do too much, don't try to tell her (Don't try to tell her anything)
Don't think too much, don't try to see I'm on the edge of a mountain peak Living in mystery... so...

Shame on the world - shame on the butterfly Shame on the world - don't even ask me why Shame on the world - shame as she flutters by Shame on the world - shame on the butterfly

Yeah Yeah - Yeah Yeah
