

Jughead, Snow in Tahiti

Make me a wish, mind over matter
Meat on a dish, soul on a platter
Rocks in your bed
Everybody's well fed
Laughs as you fall dead

As the sun will warm the day
Sees you in a different way
Show me, show me
Snow into heat, snow in tahiti

Sweat on your brow
Down to the playground
Scream as you go, all of the way down
Fear in your eyes, jumping on a big prize
Hear with your ears, love can never die

As the sun will warm the day
Sees you in a different way
Show me, show me
Snow into heat, snow in tahiti
