

Jugular, Louder Than Leather

bring it through
Not a thing you can do
Hell's my stare
the masses

command
Bang your head
And watch our band

Enjoy the show

Aim to the skies
People die
Hear the battle cry

Hear the sound of metal cry
People looking to the sky
carry on
Heavy metal come and gone

command
Bang your head
And watch our band

Aim to the skies
People die
Hear the battle cry
