

# Jugular, Rapture High

Midnight, live and fight  
Sacrifice, once more  
Get down on your knees  
And conform  
today

Death defying stance  
Watch him take your hand  
He's gonna alright  
We all bring it on tonight

Rapture high  
Rapture high  
Rapture high  
In the heat of the night

Rapture high  
Rapture high  
Rapture high  
In the heat of the night

Midnight, when the breeds  
The king  
Terror with the  
Torture  
Fear rapture high

Death defying stance  
Watch him take your hand  
He's gonna alright  
We bring it on tonight

Rapture high  
Rapture high  
Rapture high  
In the heat of the night

Rapture high  
Rapture high  
Rapture high  
In the heat of the night
