

# Juice, Do It For You

If ever you want, I will do it for you  
If ever you need, I will do it for you  
If ever you ask of me, to prove my love is true  
I will do it for you

If I was the sun, you'd be my light  
If I was the moon, you'd be my night  
There's nothing on earth that can  
Compare to what we have  
If you need some love, I've lots to share  
Just ask me for proof, boy I don't care  
So show me the way that I can prove  
My love is true

If ever you want, I will do it for you  
If ever you need, I will do it for you  
If ever you ask of me, to prove my love is true  
I will do it for you  
I will do it for you

If I was wrong, you'd make me right  
Sometimes I'm blind, you are my sight  
If ever I lose my way, you'd show me where to go  
So if you want the moon, I'll bring it here  
A trip to the stars, I'll take you there  
There's nothing beyond my means if it  
Shows you that I care  
If ever you want

If ever you want, I will do it for you  
If ever you need, I will do it for you  
If ever you ask of me, to prove my love is true  
I will do it for you

I guess that's just the way things are  
(Cause your in my mind and heart)  
And nothing that you ask for is too far  
Ooh if ever you want

Whatever you want, whatever you need  
You can believe, you'll get it from me

Whatever you want, whatever you need  
You can believe, you'll get it from me

I will do it for you  
I will do it for you
