

Juice, What You Need

If you belong to me, nothing else would matter
I'll give you the moon and the stars, on a silver platter
I'll kiss you the way that you should be kissed
I'll show you the kind of love, that you've missed

So Hear me
Sweet baby
My heart won't lie

What you need is what you get
If you come to me
I'll give you love won't regret
I'll set you free
If you believe like I believe
Boy, you know it's true
everything you need
I'll give it to you

You've been alone too long, baby let me help you
I'll show you where your heart belongs, you know I'd love you
I'll give you a thousand reasons to stay
Leave a light in my window, if you lose your way

So don't fear baby, I'm right here
My heart won't leave you
What you need

What you need is what you get
If you come to me
I'll give you love won't regret
I'll set you free
If you believe like I believe
Boy, you know it's true
everything you need
I'll give it to you

So don't fear baby
I'm right here
My heart won't leave you
What you need

Boy you know it's true
Everything you need, I'll give to you

Boy you know it's true
Everything you need, I'll give to you
