Roll another one, I be smoking like I'm Jamaican

Enough to go around but this one, I just gotta face it

Me and Mary Jane be together like we're related

Might not wanna try to keep up with me, you should pace it

Smoking Moon Rock in the back of my spaceship

Mix it with the Sherbet and Birthday Cake, you should taste it

Like a candle, I stay lit

Got the whole party faded

I woke up at the party and don't even know how I made it

It's just me and Jane, she help me ease the pain

I'm just like a torch, 'cause I keep the flame

If I don't do nothin', I'ma get high

You lookin' for me? Check the sky

Why do I stay high?

Why do I stay high?

Why do I stay high?

Why do I stay high?

Why do I stay high?

Why do I stay high?

Why do I stay high?

Why do I stay high?

In the Bay smoking KK with Berner

If it ain't in a joint, I don't burn it

You ain't gang or the Planes, I don't serve you

You talkin' like the feds, make me nervous

Don't even talk to me 'bout Cookies 'cause we grow that

Got a pound the other day, smoked the whole pack

I TS'd on your bitch soon as I came in

I'ma keep it 100, I just can't bend

Rollin' up dope

She hit it once, she gon' choke

Ain't never been on a boat

I got the game from my folks

Smokin' on all of this KK and the Morning Mimosas

I fuck your bitch then I'm ghost

Snapchat, I'm deletin' the post, gang, gang, gang

Why do I stay high?

Why do I stay high?

Why do I stay high?

Why do I stay high?

Why do I stay high?

Why do I stay high?

Why do I stay high?

Why do I stay high?
