

Julee Cruise, The Fire In Me

There's fire in me
There's fire in me
There's fire in me
There's fire in me

I can't be free
I can't be free
I can't be free
I can't be free

It's out of control
It's burning on my soul
It's out of control
It's burning on my soul

'Cause love won't leave me
You're love won't leave me
You're love won't leave me
You're love won't leave me

There's fire in me
There's fire in me
There's fire in me
There's fire in me

Will someone save me
Will someone save me
Will someone save me
Will someone save me

It's out of control
It's burning on my soul
It's out of control
It's burning on my soul

'Cause love won't leave me
You're love won't leave me
You're love won't leave me
You're love won't leave me
