## Julia Fordham, I Thought It Was You

Don't say your world lights up when I smile 'Cos you know it's too late for talk like that And as this love fades, we both know that I have been betrayed I'm not looking for the answer, baby I'm just looking for a little love We're all looking for something, baby And for a minute, a minute

I thought it was you I thought it was you I thought that it was you I thought it was you

Don't say that you'll be there when I need you 'Cos where are you when I need you now I need you
The truth hurts
Ooh I'm hurting now I'm hurting ooh
I'm not looking for the answer baby
I'm just looking for a little love
We're all looking for someone baby
And for a minute, a minute

## (Repeat chorus)

I wouldn't change a thing except the ending 'Til the part where you broke my heart Everybody's talking about forgiveness I can't forgive you for leaving me

I'm not looking for the answer baby I'm just looking for a little love We're all looking for something baby And for a minute, a minute, a minute

(Repeat chorus)
