

Julia Fordham, Italy

(written by Julia Fordham)

Can we move to Italy
I will take a boat and meet you there
Can we move to Italy
I will put fresh flowers in my hair
Can we move to Italy
I have been traveling
With my face pressed against
The windscreen of my dusty car
Trying to be where you are
Can we move to Italy
I will take a house and make it home
Can we move to Italy
We can dance in Venice
Kiss in Rome
Can we move to Italy
Meet me by the church up high on the hill
Please say you will
Way above the shore below
Down in portafino
I've got my ticket
And my purple rosary
I know my mission
I'm set for Italy
Italy
Watch the sun come up
The sun go down
Italy
Punch the air
Kiss the ground
Italy
Dance in Venice
Kiss in Rome
Italy
Take a little house
Make it home
Can we move to Italy
I will take a boat and meet you there
Can we move to Italy
I will put fresh flowers in my hair
Can we move to Italy
