

# Julia Fordham, Walking On The Water

(Julia Fordham)

I want to stroke your lovely fingers  
I want to kiss your golden skin  
I'd like to get to know you  
I'd love you to let me in

Catch the Northern lights in Winter  
See the Spanish steps in May  
Walking on the water  
Making my making my day

No I won't let the baddies get you  
I will make it all better  
Lover of mine  
So divine

Never doubt and never falter  
Never waver never stray  
Walking on the water  
Making my making my day

No I won't let the baddies get you  
I will make it all better  
Lover of mine  
So divine

Interlocked intertwined  
Lover of mine so divine  
Ticker tape parade  
Making day

No I won't let the baddies get you  
I will make it all better  
Lover of mine  
So divine  
Lover of mine  
So divine  
Walking on the water  
Making my day
