

# Julia Holter, Sea Calls Me Home

I'll be the one to follow  
..when the sea called me  
When the sea called me home

I can swim its infinity so clear  
I can swim its infinity so clear

It's the one that it should be...  
If you find out forget the muse at home  
..when the sea called me  
When the sea called me home

I can swim its infinity so clear  
I can swim its infinity so clear
