

Julia Marcell, I Wanna Get On Fire

Start the car and lock the door
You want more but you're not sure
Oh, I
I wanna get on fire

Is that all there is my friend?
Sunsets get me down again
I'm tired
I wanna get on fire

When I die west coast I'll see the most
If I die of thirst I'll be the cursed
If I die too late I'll miss my fate
So drive, now

Letters in the kitchen sink
Stars are drowning in my drink
We're wired
I wanna get on fire

I remember what you said
I'm forgetting fun I've had
No I
Just wanna get on fire

When I die west coast I'll see the most
If I die of thirst I'll be the cursed
If I die too late I'll miss my fate
So drive
