

# Julia Marcell, Infinity Halt

the world upside down  
whit never been this far, far, far, far  
fire to fuel  
and listen to the wheels grind that tone

oh my god, the clock's gets slower  
the best how run, run, run  
we just need a little moment  
so shoot like a gun, gun, gun, gun

it's gonna be a long drive

...

it's gonna be a long drive

...

hold me close, never let me go  
hold me close, never let me go

...

infinity halt

all I want  
and not a single moment to spare  
.. time line  
the world is standing still  
we're everywhere

oh my god, the clock's gets slower  
the best how we run, run, run  
if forever is not .... concept  
.. we can make it fun

it's gonna be a long drive

...

it's gonna be a long drive

...

hold me close, never let me go  
hold me close, never let me go

...

infinity halt

it's gonna be a long drive

...

it's gonna be a long drive

...

hold me close, never let me go  
hold me close, never let me go

...

infinity halt
