

Julia Savicheva, Believe Me (Eurovision 2004)

Believe me, I just dont care
If you look away or stare,
If you choose to go or stay
Dont believe me, I pray!
In my head every day, everywhere oh, no
You and I can talk, and I sound colder.
In my heart, though I say I dont care,
I just cry and cry on your big shoulder.
Believe me, I just dont care
If you look away or stare,
If you choose to go or stay
Dont believe me, I pray!
Believe me, I just dont care
If you look away or stare,
If you choose to go or stay
Dont believe me, I pray!
Far away, like the man in the moon, (my dear!)
You just wave to me, you are always lying.
Every face, every voice, every tune
Brings you back to me, and I start crying!
Believe me, I just dont care
If you look away or stare,
If you choose to go or stay
Dont believe me, I pray!
Believe me, I just dont care
If you look away or stare,
If you choose to go or stay
Dont believe me, I pray!
Believe me, I just dont care...
