Julian Lennon, Cole's Song

I feel that the love around me has come from another world I have lost love I have found love From the moment you were born

I could see a new beginning Come to me, let me tell you how how I've lost love and now I've found love in a world of broken dreams

I was wrong
to deny your feelings
and I'm sorry
if I've caused you pain
I was lost then
so confused then
and I believe that
you would change that

There are broken hearts we can mend Through the music we've learned to love again Through the sad notes through the years there were times when I just couldn't tell you

And now we've come to an understanding and I'm sorry that it took so long I have lost love I have found love from the moment you were born

I have lost you and now I've found you Let me feel your heart let me hear your song
