Julian Lennon, Save Me

Save me, before I lose my soul, oh won't you save me
Help me, I feel I've lost control, oh won't you help me…

Don't run, run, run, run, run, run away and hide
Don't run, run, run, run, run, run away from life

You're the only one I know, who lets the darkness come and go inside…

Please tell me, before I reach the end, oh won't you tell me
Show me, the light that lives inside, oh won't you show me

Don't run, run, run, run, run, run away and hide
Don't run, run, run, run, run, run away from life

You're the only one I know, who lets the darkness come and go inside

Won't you save me… Won't you save me…

You're the only one I know, who lets the darkness come and go
You're the only one I know, who lets the darkness come and go inside…
