

Juliana Theory, If I Told You This Was Killing Me,

Watch your mouth
hold your tongue boy
because you're running out of breath
running out of time
before every careless word
that you utter renders you utterly useless.
now you're drowning in your own saliva
trying to speak yourself to the top of your empty world
well keep on talking just keep on rambling
you've got your mouth full
listen here's the pleasant part
you and i we fell apart.
listen here's the pleasant part
you and i we fell apart.(continue)
why can't you make up your mind?
why can't you make up your mind?
shut your mouth
burn your bridges
throw your words like an attack and stab me in the wait a second wait a second what's that i just heard
it's obviously worthless..
now you're standing on your soapbox yelling from the rooftops everything you say is a lie. a lie a lie

listen here's the clever one who speaks before his thoughts are done.

why can't you make up your mind?

watch your mouth
hold your tongue
some things are better left unsaid
watch your mouth
hold your tongue
some things are better left unsaid.
now i hope you're pleased,
you got your prize and tongue
i dance between your words,
right before you fall....
RIGHT BEFORE YOU-
why don't you, Why don't you say that to my face?
i had a rip down, torn out So many things.
everything you, everytime you, every word you say.
If I told you this was killing me, would you , would you Stop?
