

# Juliana Theory, In Conversation

This agitation  
Revisits me  
I wanna communicate  
So freely

But when you talk to me  
I don't think that I understand you  
So hesitation would tell, tell me  
Help me to think before, before I speak

But when you talk to me  
I feel as if I can't control it  
Can we just agree  
Cause you when you talk to me  
I feel as if I can't control it  
Can we just agree

In conversation  
I fail miserably  
I want to be someone else  
Whenever I speak

Cause when I talk to you  
I don't think that you understand me  
Can we just agree?  
Cause when I talk to you  
I don't think that you understand me  
Can we just agree?

Conversation is amazing when we're free to say things people often won't because they hate them.  
These situations almost daily have a way of making people understand that all of us are one  
But isolation and division will be our destruction, if we can't communicate  
So as I contradict myself, and forget all I've said, I am free
