

Julie Brown, Every Boy's Got One

Oh, oh, oh
Oh, oh, oh

The boy's trying to come on cool
Like showing emotion's against the rules
I know he feels the attraction
Why don't I get a reaction
He tries but he can't hide it
We dance and he gets so excited
If the feeling is so intense now
Why's he keeping me in suspense now

Every boy's got one
Don't hide it in the dark
Every boy's got one
It's my favorite part
Every boy's got one
Give it to me
Give me your, give me your heart

The boy's trying to keep his distance
Won't let down his resistance
My eyes send out the signal
Inside he starts to tingle
He acts like he doesn't care
He pretends it isn't there
But up close I feel it thumping
Inside his pulse is jumping

Every boy's got one
Don't hide it in the dark
Every boy's got one
It's my favorite part
Every boy's got one
Give it to me
Give me your, give me your heart

Every boy, every boy
Give me your heart
Every boy, every boy
Give me your heart
Every boy, every boy
Give me your heart
Every boy, every boy

I'm in love and you can't believe it
Give you everything you need
Here's your chance
Come on and take it
You know I'm not gonna break it

Every boy's got one
Don't hide it in the dark
(They do)
Every boy's got one
It's my favorite part
(It's true)
Every boy's got one
Give it to me
Give me your, give me your heart
(Give it to me now)
Every boy's got one
Don't hide it in the dark
Every boy's got one

It's my favorite part
Every boy's got one
Give it to me
Give me your, give me your heart

Every boy, every boy
Give me your heart
Every boy, every boy
Give me your heart
Every boy, every boy
Give me your heart
Every boy, every boy
Give me your heart

Every boy, every boy
(Every boy's got one)
Give me your heart
Every boy, every boy
(Every boy's got one)
Give me your heart
Every boy, every boy
(Every boy's got one)
Give me your heart
Every boy, every boy
(Every boy's got one)
Give me your heart
Every boy, every boy
(Every boy's got one)
Give me your heart

Give me your heart
Give me your heart.
