

Julie Doiron, Condensing You

Upset
Lost it
I need more
I need a
Number
I won't be alone

You questioned me once
Once before
Too much
To say
Too long today

And I need more
Could I be more vague?
Condensing you
I can see more
Could you be more clear?
You have some nerve

I am
OK
Sometimes I
Am in
Control
And I find

Something
Goes wrong
I can't explain
I regret
Feel it
Better days

And I need more
Could I be more vague?
Condensing you
I can see more
Could you be more clear?
You have some nerve
