

Julie Doiron, Crumble

I went there and I
Saw what happened and you
Told me no differently

You told me
You said you
Please don't go there
Don't leave me

And please don't leave me here
Try to understand
If you will leave me here
And I won't understand

I watched you and I
Saw you crumble down and
You said you'd had enough

I saw you
You told me
You said you'd stop
You're sorry

And please don't leave me here
Try to understand
If you will leave me here
And I won't understand
