

Julie Doiron, Crying Baby

Crying baby
Crying mother
That's what I am

Fading softly
Slowly fading
Shaped (or shake?) to steady my hands

Steady me, steady me
Hold me down, you should not let me go

Pacifier
Soothing rubber
That's what we need

Drink your milk now
It might calm you down
I'm too tired to cry

Steady me, steady me
Hold me down, you should not let me go

Stay with me, stay with me
Hold my arms, you should not let me go.
