

# Julie Doiron, He Will Forget

He won't be sad  
It had to happen  
Sooner or later  
Sooner than later  
Don't be mad  
It had to happen  
Sooner or later  
He will forget her  
If you knew me, me  
Your thoughts are his hands  
Your heart has been broken  
He had no plans  
You didn't either  
Tried to call twice  
But the first time sure was nice  
And the letter he sent  
Couldn't have been better  
But you threw it  
Yeah you threw it away  
Yes you threw it away and now you should regret it
