

Julie Doiron, Will You Still Love Me In December?

Will you still love me in December?
I could sleep many days, and it
wouldn't make a difference,
without you
without you.

Seems I have forgotten it all
What was to forget
So you finally said I could leave, but I
didn't want to leave then
without you
without you.

Will you still love me in December?
I could sleep many days, and it
wouldn't make a difference,
without you
without you.
