

Julie, It's A Wonderful Feeling

Remember if its raining today
Somewhere the sun still shines
And soon it will be coming your way
There'll be some real good times

There aint nothing we could never do
Well be reaching for the top
Everyone can make a dream come true
And Im never gonna stop

Its a wonderful feeling
Im walking on a higher ground
And nothing's gonna get me down and out
Cause to night - Im just feeling all right

Sometimes when the world feels cold
Dont let it get to you
Keep aiming for your inner goal
Just dont give up so soon

Hey baby
I know that well keep our faith
And we will never fall
Hey darling - keep trying
You know it is all worth fighting for
Hey baby - I feel it
The sun will shine forever more
